Bachelor of Engineering, Information Science and Engineering

EXPERIENCE

- **Stride.AI** November 2017 - Present
NLP Engineer
 - Contributed to the Research and Development of bi-LSTM based Multilingual Low Resource Entity Extraction System. Our system outperforms the current State Of The Art for Financial NER Dataset. Our system scores F1 = 87.48 (current SOTA F1 = 82.1) ([Dataset](#))
 - StrideSDK - Developed a proprietary python package for Information Extraction (IE). The library allows developers to build heuristics for extraction of datapoints from unstructured PDF documents. The library is being used in 20+ projects.
- *Summer Intern* June 2016 - August 2016
 - Involved in data scraping using NLP (Natural Language Processing) and Python, to parse third party public portals to get key data points.
- **DESE (formerly CEDT), Indian Institute of Science**
Advisor: Prof. H. S. Jamadagni
Project Assistant August 2017 - November 2017
 - Contributed on Video Analytics project: Reconstruction of papers on Crowd Detection. Involved in data creation and validation of 5 sub-components in the project.
- *Project Intern* July 2015 - July 2017
 - Developed a novel vocabulary flashcard application which incorporates Testing Effect through production tests and grades the user's text response using an alignment based short answer grading algorithm. Published at Student Research Workshop - ACL 2017.
 - Developed a web application for Ministry of Micro, Small and Medium Enterprises (Govt. of India) to digitize application process at the IISc MSME Centre of Excellence.

PROJECTS

- **Context Based Approach for Second Language Acquisition** *BEA13 at NAACL 2018*
 - Trained logistic regression model to predict the likelihood of a student making a mistake while answering an exercise on Duolingo. Used features inspired by research in code-mixed language-learning where context plays an important role.
 - Result: AUROC scores for English/Spanish = 0.821, Spanish/English = 0.790 and French/English = 0.812. 2nd best linear model, finished overall 9th in SLAM 2018. ([Link](#)).
